

11. (Amended) The use of a combination as claimed in claim 1 for suppressing antagonistic interactions during the application of agrochemically active compounds for controlling harmful plants.

12. (Amended) The use of a combination as claimed in claim 1 for increasing crop selectivity during the application of one or more agrochemically active compounds for controlling harmful plants.

13. (Amended) A method for controlling harmful organisms, in particular harmful plants, which comprises applying a combination as claimed in claim 1.

14. (Amended) A process for preparing a combination as claimed in claim 1, which comprises combining the active compound by customary processes which are known per se, preferably by dissolving, stirring or mixing, with a suitable polymer, and introducing this combination into the formulation, if appropriate with other active compounds, adjuvants and additives.

Please add the following claims:

--15. A method for controlling harmful organisms, in particular harmful plants, which comprises applying a formulation as claimed in claim 9.

A2 16. A process for preparing a formulation as claimed in claim 9, which comprises combining the active compound by customary processes which are known per se, preferably by dissolving, stirring or mixing, with a suitable polymer, and introducing this combination into the formulation, if appropriate with other active compounds, adjuvants and additives.--
